

# WOMEN'S SUITS

Any proposition that has for its object the saving or making of money appeals to the average person.

If it's a question of Women's Suits here is a proposition that will interest you.

Practically every early Spring style we have left has been marked at a special price to move them quickly.

The sizes are badly broken and besides we are now showing advanced styles for early Fall.

Our idea in bringing out these early Fall styles is—a woman in buying an early style for the next season has the wear during the remainder of the present season and during all of the coming season. The average woman cannot wear out a Suit while it's in style.

Don't Miss Seeing the Suits at Special Prices, Anyway.

We Have Over 40 Styles of Oxfords, that Sell for

The Italian cavalry picture that is to be presented to-night and to-morrow night is a wonderful picture to be seen at the Theatorium. It is a case where the moving picture camera caught a number of thrilling accidents that really happened without premeditation. The Italian cavalrymen are noted for their wonderful feats of horsemanship, but in gaining this reputation they take terrible risks. In one part of the picture, in coming down the face of a cliff the horses lose their footing and come crashing down over end. It looks as though one rider had his arm broken. One other good picture and song completes a good bill. 5 cents admission.

At the Comique theatre for the first part of the week the public will have an opportunity to witness a decidedly clever animal act, one that has been the hit of every program that it has been billed on. These dogs spell words, deciphering, mind reading and numerous other tricks. Prof. Dod offers a reward of \$100 to any human being that can accomplish the mind reading that his dogs do. One of the best animal acts that can be obtained. Prof. Dod has been in this business 27 years, is director of the Keith & Proctor circuit. Owing to the extra expense incurred by adding vanderbilt, it is necessary to place the price of admission to ten cents.

In addition to this act, we have a good biograph picture, "Confidence," also one other good picture and song. Prof. Dod declares all who see his act alone will pronounce it worth the price of admission.
